

VAM MANAGED FUNDS (LUX)
Société d'investissement à capital variable
Registered Office: 2, rue Edward Steichen
L-2540 Luxembourg
R.C.S. Luxembourg B 129.579
(the "**Company**")

21 January 2020

Dear shareholder,

The board of directors of the Company (the "**Board of Directors**") would like to proceed to the merger of the share class D of the sub-fund VAM Managed Funds (Lux) – Driehaus Fund with the share class A of the sub-fund VAM Managed Funds (Lux) – Driehaus Fund (the "**Merger**").

Unless specified otherwise herein, capitalised terms shall have the meaning assigned to them in the visa-stamped Prospectus dated April 2019.

The Board of Directors has resolved, in accordance with article 5 of the articles of incorporation of the Company (the "**Articles**"), to proceed with the Merger, as described in the table below, as the total assets attributable to the Merging Share Class (as defined further below) have failed to reach a level of assets deemed sufficient by the Board of Directors to ensure a cost-effective management thereof.

VAM MANAGED FUNDS (LUX) – DRIEHAUS FUND	
Merging Share Class	Receiving Share Class
Class D	Class A

The merging share class and the receiving share class described in the above table are respectively defined hereafter as the "**Merging Share Class**" and the "**Receiving Share Class**".

This Merger aims to achieve economies of scale and it is foreseen that the Merger will reduce the proportional fixed costs to be borne by holders of the Merging Share Class.

The Merging Share Class and the Receiving Share Class share most characteristics. A detailed comparison of the differences between the Merging Share Class and the Receiving Share Class is enclosed to the present letter (**Appendix I**).

The key investor information document of the Receiving Share Class is enclosed to the present letter (**Appendix II**).

The Merger will become effective as of 28 February 2020 (the “**Effective Date**”). As of this date, shareholders of Merging Share Class (the “**Merging Shareholders**”) on the register of the sub-fund as at the close of business on the Effective Date will have their shares converted into the Receiving Share Class.

The Merging Shareholders who will have their shares converted into shares of the Receiving Share Class on the Effective Date may receive a number of shares of the Receiving Share Class different from the number of shares of the Merging Share Class they currently hold. The value of their investment will not, however, change.

If they do not wish to participate in the Merger, the Merging Shareholders may request the redemption of their shares free of charge until 16:00 (Luxembourg time) on 27 February 2020.

Following implementation of the Merger, the Merging Share Class will cease to exist in this sub-fund.

WARNING: As a consequence of the Merger, investors may become subject to new or different taxes in their tax domiciles or other jurisdictions where they pay taxes. You should consult your own professional advisers as to the implications of the Merger under the laws of the country of your nationality, residence, domicile or incorporation.

If you have questions, please contact your financial advisor or VAM Marketing Limited (e-mail: marketing@vam-funds.com; tel: +230 213 6860).

Yours faithfully,

The Board of Directors

Key Investor Information

This document provides you with key investor information about this Compartment. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Compartment. You are advised to read it so you can make an informed decision about whether to invest.

VAM MANAGED FUNDS (LUX) – DRIEHAUS FUND, a sub-fund of VAM MANAGED FUNDS (LUX) - A (USD) LU0297699406

The Management Company is VAM Global Management Company S.A.

Objectives and Investment Policy

The objective of the Compartment is to provide long term capital appreciation over the full investment cycle through the aggressive growth investment style of the Investment Manager. The Compartment is actively managed, investing in certain growth equity-related sub-funds of VAM Funds (Lux), a UCITS fund domiciled in Luxembourg. The Compartment's manager updates the allocation of the sub-funds following an analysis that balances the Compartment's investment objective and the Compartment's administrative purpose of providing broad exposure to underlying growth-equity sub-funds. However, no more than 20% of the Compartment's net assets will be allocated to a single sub-fund of VAM Funds (Lux). In addition, the Fund may hold bank deposits as well as invest in money market instruments or bonds issued by companies or governments. In principle you can sell shares of the Compartment on every full bank business day. Income remains in the Fund and is reinvested.

Risk and Reward Profile

This risk and reward indicator illustrates where the Fund is positioned in terms of its possible risk and reward. The higher the Fund's position on this scale, the greater the possible reward, but also the greater risk of losing money. This risk indicator is calculated using historical data, which cannot be used as a prediction for the future. Therefore the risk classification may change over time. Even if the Fund is in the lowest risk class you can lose money, as no investments are entirely risk free.

This Fund is in category 5 since the price changes of the Fund have been moderate in the past.

The following risks are not fully reflected in the above classification but still influence the Fund's value. Further information about risk can be found in the prospectus which is available at www.vam-funds.com/library/reports/?share=a.

Liquidity risk: Some of the assets of the Fund may become difficult to sell at a certain time and for a reasonable price.

Emerging market risk: The Fund invests in securities in emerging markets, which can be subject to economic and political instability, less developed legal infrastructure, possibility of large currency fluctuations or low liquidity in local markets.

Currency risk: The Fund invests in securities that are issued in currencies other than the base currency of the Fund. As a result the Fund is subject to currency risk, which arises from changes in the exchange rates between countries.

Derivative risk: The Fund uses derivatives, these are financial instruments whose value depends on the value of an underlying asset. Small price changes in the underlying asset can result in large price changes of the derivative.

Charges

Entry charge => 5.00%

Exit charge => none

This is the maximum that might be taken out of your money before it is invested (entry charge).

Ongoing charges => 2.90%

Performance fee => none

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Actual entry and exit charges can be obtained from your financial adviser or distributor.

The ongoing charges figure is an estimate based on expected total of charges. This figure may vary from year to year. Performance fees and portfolio transaction costs are not included in the ongoing charges figure, except for portfolio transaction costs for entry/exit charges paid by the Fund when buying or selling units of another fund.

More information on charges, can be found in section Administration details, Charges and Expenses of the prospectus, available from the registered office of VAM MANAGED FUNDS (LUX).
